

Discover the Advantages of

PARTNERSHIP

It's Your Commission

Agents will maintain the same contract level they have now, and 100% of Agent commissions are vested immediately and paid directly from the companies. SFG does NOT handle any agent commissions or require any kind of commission assignments.

Marketing Assistance

Partners will receive full Marketing Assistance Program credits each month based on production. For full details on this program, check out the program on our website:

<https://nccagent.com/contracting/marketing-assistance>

Utilize Our Brand

SFG has spent years developing brand recognition and digital reach. Agents are directed to utilize the power of this brand recognition by displaying the SFG marketing collateral with their services.

Innovative Technology

We offer exclusive use of in-house CRM, our unique electronic enrollment tool (Enrollment Central), and any other technology available from our companies, all at no cost.

Office & Meeting Spaces

We provide access to private office and conference space to meet with clients, make calls, and conduct training or presentations. These spaces include amenities such as the latest audio/visual capabilities, copy machines, and full eat-in kitchen/dining area.

Ongoing Training

Our training program features material that focuses on current industry trends, rules and regulations, business strategy and development, and much more. Optional training presentations can vary from 20 - 60 minutes in length. Our training professionals are experienced industry experts.

Admin Support

Professional office support includes: contracting and agent support, digital marketing experts, and design. A rep will always answer your client calls during normal business hours, help process your applications (optional), and will mail retention pieces to clients during lock-in and pre-AEP.

Referral Circle

Reap the benefits of our business relationships with other corporate organizations and be a part of our client referral program. This client referral program is ever-green as we continually grow and develop new corporate partnerships.
